MARRIED LIFE ON \$80 A MONTH

Mrs. Eva Leonard's Story of Married Life on \$80 a Month—Helps for the Housewife—Recipe for Mock Mince Pie—Vegetable Salad.

"Julia," said Fred Crane, "I must see you; must speak with you a moment. Come for a walk with me along the river bank." Julia Osgood hesitated. "I'll wait while you get your hat," she continued.

They walked in silence to the stream and sat down under a great elm on a bench facing the river.

"Julia, I have broken off all relations with my mother. I have left home," he looked steadily at her as she gazed off over the river.

"Oh, why?" she asked. "I thought I could save you from that sorrow."

"Now that it has come, now that I am all alone, will you not marry me? I am very lonely. We would be poor, but I can make a comfortable living, and—could you not be happy on a small income?"

Julia looked up at his eager face and laughed.

"Did you think it was the money? Oh, Fred, you surely did not think that, did you?"

"I did not know what to think, dear. I went up to Fairport full of trouble because my position was so entirely changed from what it was when you accepted me for your husband; and as soon as you knew about my mother's objection you were changed, you were so cold and distant I could not help thinking the loss of the money had something to do with it." Julia's eyes slowly filled with tears as she listened.

"How could you think such a thing? I thought you knew me."

"How could you think that my mother's objections would alter my plans in the least?" he interrupted.

"You spoke of postponing the wedding yourself. I thought perhaps it was done as a hint that you wanted your freedom."

"And you claimed to know me. Could you want to marry a man who would have such a craven spirit?" asked Fred.

"You notice I was not very anxious about it. I broke the engagement," laughed Julia. "I can see that it was all a morbid fear that you would give up so much, that you would come sometime to feel that your wife had cost you too much; that the sacrifice had been too great."

"As if any sacrifice could be too great." He smiled into her eyes.

"Will you marry me on the day originally set?"

"That is only three weeks off. I am not ready. That is, my clothes are not," she corrected, blushing.

"You can get them ready afterward," he suggested.

"What a funny plan. Well, clothes mean less to me than some other things. I will try and be ready. What will Mr. Jaynes say at a second resignation?"

"I imagine he is a man that will get the humor of the situation," Crane seemed to be taking a very cheerful view of life himself.

"We must tell the Sutters right away. They will be so glad. Molly's grief over the broken engagement was very genuine."

"Yes, they will be glad both of them. They are true friends," Fred Crane spoke with conviction.

They walked off down the river bank and hope grew in Molly's breast with every minute that passed, for she had watched them go away from behind a window blind. When she saw them coming slowly back in the twilight she gave John a convulsive hug, exclaiming:

"It is all right. Oh, I am so glad. How happy Mrs. Morton will be, too." (To be continued.)

Hints For The Housewife.

When the butcher cuts your rib

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—Persons have suffered untold agony for years doctoring for nervous weakness, stomach, liver or kidney disease and some other ailment when their real trouble was lack of iron in the blood—How to tell.

New York, N. Y.—In a recent discourse Dr. E. Sauer, Specialist, of this city said: If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore, nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night; others are sleepy and tired all day; some fussy and irritable; some skinnier and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your flagging vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three

times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of all the time double, and even triple their strength, and even entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form, and this, after they had in some cases been working for months without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheek and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of inorganic iron like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently did more harm than good. But with the discovery of the newer form of organic iron all this has been overcome. Nuxated iron, for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize \$100.00 to any Charitable Institution if they cannot take any man or woman under sixty who lacks iron and increase their strength 200 per cent or over in four weeks' time, provided they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in this city by A. R. McIntyre Drug Co. and all other druggists.—Advertisement.

Mock Mince Pie. Mix well together one cup of raisins chopped fine, one-half cup of chopped dried currants, one-fourth teaspoon of salt, one tablespoon of vinegar, two-thirds of a cup of molasses, one-half cup of cider, one-half cup of sugar, one-half cup of cut citron, and the juice and rind of two lemons, two Boston crackers, rolled and one well beaten egg. Line a piepan with paste and fill with some of the mixture, cover with a puff paste and bake.

Vegetable Salad. Mix cold cooked carrots cut in slices, peas and chopped celery with mayonnaise dressing. Pile on a salad plate and surround with pastry.

TODAY'S BEAUTY TALK

You can make a delightful shampoo with very little effort and a very trifling cost if you get from your druggist a package of canthox and dissolve a teaspoonful in a cup of hot water. Your shampoo is now ready. Just pour a little at a time on the scalp and rub briskly. This creates an abundance of thick, white lather that thoroughly dissolves and removes all dandruff, excess oil and dirt, with a fluffiness that makes it seem heavier than it is, and takes on a rich luster and a softness that make arranging it a pleasure.—Advertisement.

NEW POLICE CHIEF IS NOW IN CHARGE

Salt Lake, Jan. 20.—Chief of Police C. W. Shores has decided at the very inception of his career to spend a large part of his time outside the doors of his private office. With this in view he has retained, temporarily at least, a J. Mullinger, special agent for the Denver and Rio Grande for years under Mr. Shores, as his confidential secretary.

Chief Shores assumed the duties of his office at 11 o'clock yesterday morning. Shortly after the city commissioners had met and approved his bond. He spent considerable time in consultation with B. F. Grant, the retiring chief, whom he has asked to assist him in getting acquainted with the routine of the office and the men of the force, duties that the former chief says he is glad to perform.

"I expect to do a great deal of work outside of my private office," said Chief Shores yesterday. "Mr. Mullinger will remain with me, for a time at least, as my confidential secretary. I am anticipating no changes in the immediate future."

SURVEY OF THE FRUIT INDUSTRY OF STATE OF UTAH

Committees were appointed by the state horticultural commission yesterday to actively begin the business survey of the fruit industry of the state, which has been in contemplation ever since the annual conventions of the Utah Horticultural society.

The state commission met at Logan, at the call of President W. H. Homer, Jr. Mr. Homer and Secretary J. E. Ward Taylor returned from the session late yesterday and gave out the personnel of the groups connected with the fruit industry which will set about solving its problems.

These groups, representing the growers, canners, exporters, nurserymen, importers of fruit products, green fruit shippers and others, will gather their information about the needs of the trade, and all of them will assemble in Salt Lake City shortly, at a date to be determined upon, to compare notes. The purpose of the conference will be to put the industry on a more businesslike basis.

Following are the committees:

Committees Named.

Nurserymen—P. A. Dix, Davis County nurserymen; Roy B. Bower, Provo nurserymen; E. M. Tyson, Intermountain nursery, Brigham; M. B. Scowles, Utah Nursery company, Salt Lake; David Moore, Moore's nursery, Ogden.

Shippers' committee—William M. Roylance, William M. Roylance company, Provo; P. M. McGregor, Utah Fruitgrowers' association, Salt Lake; C. Knudson, Knudson Bros., Brigham City; George W. Watkins, Brigham City Fruitgrowers' association; Brigham City; G. W. Bowers, Cache Valley Produce company, Logan; Scott Campbell, North Ogden; J. M. White, Willard.

Growers' committee—W. O. Knudson, Brigham City; John P. Holmgren, Bear River City; John A. Ward, Willard; Dr. S. W. Wherry, Ogden; Fred Barker, North Ogden; Heber Blood, Clearfield; J. J. Fred, Odell, Woods Cross; A. E. Lee, Taylorsville; J. C. Stay, Salt Lake; R. D. Wadley, Pleasant Grove; O. J. Poulson, Provo; A. G. Stoddard, Spanish Fork.

Meeting at Logan.

Canners' committee—H. L. Herring, Ogden; Wm. Craig, Salt Lake; Valley Canning company, Ogden; J. E. Wright, Wright-Whittier Canning company, Ogden; U. G. Miller, Twin Peaks Canning company, Murray.

Miscellaneous fruit manufacturers—C. C. Michener, Ever Fresh Products company, Ogden; George W. Goddard, Ogden; J. A. new, Ogden; Tremont Pickle & Vinegar company, Tremont; Dr. Sumner Gleason, Kayville, Utah.

Importers' manufactured fruit products—Heber Scowcroft, Scowcroft & Sons, Ogden; J. C. Deal, manager Utah Wholesale Grocery company, Provo.

The meeting at Logan was attended by the following members of the state horticultural commission: William H. Homer, Jr., president, Pleasant Grove; Dr. E. D. Ball, Logan; C. H. Smith, Centerville; J. Edward Taylor, secretary, Salt Lake City.

ALBERT ECCLES IS SUED BY ATTORNEY

Salt Lake, Jan. 20.—Suit to collect \$3750 for services he claims to have rendered in bringing about the compromise in the claim of Albert Eccles to a share in the estate of the late David Eccles was filed in the Third district court yesterday by Fred C. Ehnman against Thomas W. Sloan, guardian of the person and estate of Albert Eccles.

It is alleged by Mr. Ehnman that his services as mediator were sought by the attorneys when the judgment of the trial court in favor of Albert Eccles, by which he was awarded a share in the estate, was threatened with further litigation. Mr. Ehnman sets forth in the bill of complaint that in response to the appeal of Attorney W. H. King of King & Nibley, counsel for the plaintiff, he did mediate, with the understanding that he was to receive remuneration for his services.

He further contends that the settlement granting \$150,000 of the estate was the result of his endeavor and upon this ground he bases his claim for the amount asked as a judgment.

STATE SELLS LAND IN SANPETE COUNTY

Salt Lake, Jan. 20.—Despite the snowstorms, which cut down attendance and precluded a thorough examination of the lands, 800 acres of the former Jewish agricultural colony tract at Gunnison, Sanpete county, were sold at auction Tuesday by the state land board, said Herbert E. Smyth, clerk of the board, upon his return last night from Sanpete county.

An interesting feature of the sale was the fact that several members of the old Jewish colony, believing that the lands were good and desiring to "try it again," bought tracts as individuals. Their "colony" is bankrupt and the land reverted to the state, but some of the colonists refuse to acknowledge failure as farmers.

The lands sold brought approximately the prices at which the board appraised the land, from \$11 to \$17 an acre. With the additional charge of \$25 an acre for the water rights, the prices paid were from \$46 to \$52 an acre.

Deterred By Snow.

The sale was conducted by W. D. Candland, president of the land board, with Mr. Smyth acting as clerk of sale. Yesterday Mr. Candland stopped at his home, Mount Pleasant, and Mr. Smyth, H. S. Joseph and several others who attended the sale from

Salt Lake came on to this city. The snowstorms undoubtedly deterred many people from attending the sale," said Mr. Smyth last night, "and a number of people who did attend did not bid for the land because the eleven inches or so of snow prevented them from examining the tracts in the way they would have wanted to. However, 800 acres were disposed of, and there is no question but that the other lands of the 6000-acre tract will be taken up. It is now subject to entry at the land board office."

All the lands sold were in the area improved by the late Jewish colonists, but the board did not dispose of the buildings and similar above-ground improvements made by the former tenants.

Purchasers in South.

It was decided that the board would not go into that phase of it, leaving the purchasers of the land to make their arrangements with H. S. Joseph, receiver for the Jewish colony, in the event they wanted to buy or rent the improvements.

While a few land buyers from Salt Lake went to the sale, none of them made bids for the land at the auction. They decided to wait for another opportunity to look it over. Purchasers were mostly from Richfield, Nephi, Mount Pleasant and other towns in that section of the state.

The town of Gunnison had arranged quite an entertainment for the visitors, which the stormy weather and the consequent cutting down of attendance somewhat dampened. Those who did attend, however, were entertained at a picture show, a dance and a program for the school children by the citizens of Gunnison.

Mr. Smyth said that the snows throughout the Sanpete valley have been the heaviest in years.

A Message To Thin Weak Scrawny Folks

An Easy Way to Gain 10 to 30 Pounds Of Solid, Healthy Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I don't get fat. I eat plenty of good nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the assimilative canal to take them from the food. A splendid way of working to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to try Sargol, the famous flesh building agent that has been so widely sold in America in recent years.

Take a little Sargol tablet with every meal and see if your cheeks don't quickly fill out and rolls of firm, healthy flesh form over your body, covering each bony angle and projecting point. A. R. McIntyre Drug Co. and other good druggists have Sargol or can get it from their wholesaler, and will refund with the gain in weight it produces, stated on the guarantee in each large package. It is inexpensive, easy to take and highly efficient.

NOTE:—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.—Advertisement.

GRAND MASTER IS EUREKA MAN

Salt Lake, Jan. 20.—Two hundred prominent Masons of the city and state were present last night when Charles Clifton Griggs of Eureka was installed as grand master of the grand lodge, F and A. M., of Utah. The other officers, elected with Mr. Griggs at the afternoon session of the forty-fifth annual communication of the grand lodge were also installed. The retiring grand master, William J. Shealy, conducted the ceremonies.

Following are the new officers of the grand lodge: Charles C. Griggs, grand master; Charles F. Jennings, deputy grand master; Herbert R. MacMillan, senior grand warden; Louis L. Baker, junior grand warden; Richard L. Conely, grand treasurer; Freeman A. McCarty, grand secretary; S. H. Goodwin, grand chaplain; John E. Carver, grand orator; Gerald R. Yearnsley, grand lecturer; James L. Catron, grand marshal; Douglas A. Baxter, grand pursuivant; Harry M. Rasmussen, grand standard bearer; Hugo Deprezin, grand sword bearer; Edward D. Watkins, senior grand deacon; John H. Tegen, junior grand deacon; Winn L. Eddy, junior grand steward; Julian C. Hardy, junior grand steward; Daniel Dunn, grand tyler.

A feature of the installation was the presentation of the grand master's signet ring to Mr. Griggs by Mr. Shealy. Mr. Griggs is the twenty-third grand master to wear the ring, which he will present to his successor at the completion of his term of office.

The past grand master's jewel was presented to Mr. Shealy by James W. Cherry, Past Master Hugo Deprezin of Tintic lodge No. 9, of which the new grand master is a member, presented the grand master's apron to Mr. Griggs.

Immediately after the installation ceremonies the Christopher Diehl memorial tablet was unveiled. A committee of past grand masters, consisting of A. S. Chapman, F. C. Schramm and Abbott R. Heywood, was in charge of the program. Mr. Heywood delivered an inspiring memorial address.

A banquet tendered the grand lodge by the four Masonic lodges of Salt Lake, concluded the annual meeting. Harry S. Harper welcomed the grand lodge on behalf of the Salt Lake Masons and introduced Past Grand Master William J. Shealy as toastmaster. The speakers were Grand Master Charles Clifton Griggs, Deputy Grand Master Charles F. Jennings, Past Grand Master George H. Dorn and the Rev. J. E. Carver, grand orator and past master of Weber lodge at Ogden. The speakers outlined the work to be done during the coming year.

WATCH SORE THROATS

because swollen glands or inflamed membranes often affect other tissues and lung trouble easily follows.

As Nature's corrector of throat troubles the pure cod liver oil in Scott's Emulsion is speedily converted into germ-resisting tissue; its tested glycerine is curative and healing, while this wholesome emulsion relieves the trouble and rebuilds the forces to resist tubercular germs and avert the weakening influence which usually follows.

If any member of your family has a tender throat, get a bottle of Scott's Emulsion-to-day. Physicians prescribe it to avert throat troubles, overcome bronchial disorders and strengthen the lungs. No alcohol or harmful drugs. Always insist on Scott's.

Scott & Bowne, Bloomfield, N. J. 15-12

PARK CITY THEATRE COLLAPSES IN WIND

Park City, Jan. 19.—The Dewey theatre collapsed about midnight last night during a high wind, but fortunately no one was injured. The management of the Quinn Theatre company, which operated the house under a lease, dismissed last night's motion picture show performance early, because warning creaks had been heard in the building. They had, however, contemplated making last night's show mark the close of their occupancy on account of the fact that they had come to consider the building unsafe.

The structure was owned by James Ivers of Salt Lake and the loss is fixed at \$7000. The leasing company officers were unable to state accurately their loss, but it is thought that it will exceed \$600.

Today the parts of walls remaining up were toppled over in the interest of safety and the debris on the sidewalk is being cleared away.

ACHES AND PAINS

Don't neglect a pain anywhere, but find out what causes it and conquer the cause. A pain in the kidney region may put you on your back to-morrow. Don't blame the weather for swollen feet. It may be an advanced warning of Bright's disease. A pain in the stomach may be the first symptom of appendicitis. A creak in a joint may be the forerunner of rheumatism. Chronic headaches more than likely warn you of serious stomach trouble. The best way is to keep in good condition day in and day out by regularly taking GOLD MEDAL HAARLEM OIL Capsules. Sold by reliable druggists. Money refunded if they do not help you. Beware of substitutes. The only pure imported Haarlem Oil Capsules are the GOLD MEDAL.—Advertisement.

S. Catlin, U. S. A., retired, died today at the Hotel St. George in Brooklyn of apoplexy. He was 81 years old.

General Catlin fought through the Civil war with great distinction. He was wounded several times and lost a leg in one of the final engagements of the war. He became a resident of Brooklyn in the early seventies.

Active in politics, General Catlin served a term as district attorney and was once a candidate for mayor when Brooklyn was a separate city. He is survived by a son and daughter.

TWO MEN KILLED IN STRIKE RIOT

Chicago, Jan. 19.—Two men were killed by strikers, a policeman was shot and dangerously wounded, many were less seriously injured and the whole last Chicago police force fought for hours this afternoon with a mob which attacked strike-breakers at the Edwards Valve company's plant at East Chicago, Ind. The president of the company has openly charged that the strike was called because he is making munitions for the allied armies.

John M. Meehan, a special policeman, was shot dead by a striker. An unidentified strike-breaker was shot through the lungs and in the abdomen and died on the way to the hospital.

Policeman Constantine Kohnsky was shot in the leg and dangerously wounded.

Scores of others, strikers and strike-breakers, were less seriously hurt in the fighting, which lasted until reinforcements of police from West Hammond and Indiana Harbor arrived.

The trouble started when automobiles, bringing workers from the train to the factory, were intercepted at the factory gates by strikers. The mob blocked the way of the machines and began to throw bricks, the strike-breakers drew revolvers and fired and the shooting instantly became general.

St. Paul girl dressed for winter sports carnival.

This is one of the pretty girls of St. Paul who are aiding in the revival of the old winter sports carnival of the northwest. The carnival will consist of a ten days' celebration beginning January 27. All the cities of the northwest have been invited.

GENERAL I. S. CATLIN DIES OF APOPLEXY

New York, Jan. 19.—General Isaac

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent, or nearly one-quarter, die before they reach one year; thirty-seven per cent, or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any
